

Listawood offer UK printed Lanyards in just 3 days

Award winning manufacturer Listawood has launched a range of promotional lanyards into their extensive product portfolio.

Due to their in house printing technologies, Listawood are able to offer UK printed lanyards in just 3 days, a service few other suppliers are able to offer. Their UK stock range consists of a choice of flat polyester or tube lanyards in white, black or blue and can be supplied plain, screen printed or dye sublimation printed. Each lanyard includes a safety catch and lobster claw fitting as standard.

Due to their in house manufacturing facilities, Listawood are also able to produce and attach welded pockets and personalised name cards or ID badges printed in full colour.

Alongside their UK stock offering, Listawood are also able to supply a vast selection of competitively priced imported Lanyards in a variety of styles including woven, nylon, flat polyester and tube to mention only a few.

Lanyards are useful and practical promotional products that are ideal for conferences, exhibitions, sporting events, festivals and security tags for example. Listawood's flexible service enables you to choose a promotional lanyard that best suits your needs.
